BOWDEN, ALBERTA, CAN. THURSDAY, APRIL 21 1910.

PER YEAR \$1.00

WILL FINISH TO-MORROW

Great Contest Closes at Six P.M. Friday April 22nd
Grand Ball in the Evening

To-morrow evening sees the finish of one the greatest contests for popularity among the girls of this vicinity that has ever taken place. The strife that has been so keen and deadly for the last three weeks is about to end and the anxiety that each candidate feels will soon be over. Tomorrow night ends all.

This week all the mails have been pouring in votes for the candidates and the final count the judges will show the figures away up in the thousands.

At six o'clock tomorrow evening the ballot box will be turned over to the judges and go out of our hands into the hands of Messrs. Clifton of Olds, McCue of Bowden, Watt of Innisfail who will count all the ballots from the first and announce the winner at the ball that evening.

The ball in itself will be one of the most enjoyable entertainments ever given here. Special music has been secured for the occasion. Lunch will be served during the evening, so all come and share the good time that is promised.

Cottonwood District

Geese are plentiful on the big Red Deer river this spring.

Earl Sanford is talking of selling his team of mares to Thad Powell.

The contractor of the Cottonwood school house is going to start the building this week.

It is reported that Dave Laird of this district has traded his farm for property in Calgary.

Mr W Kelley has some visitors from the old country.

Mrs Heys of this district has been quite ill the past few weeks.

Sam Welch was in Bowden on Monday.

Geo Web of this district was across the Red Deer on Sunday.

The Anniversary Services which the local I. O. O. F. lodge will attend next Sunday in the Presbyterian church, where they will be addressed by the Revs. West and Chalmers will be their ninety-first anniversary instead of their eighty-sixth as reported last week.

Evidently there is a competition among the hens in this district as to which can lay the largest egg. Inside of two weeks since the first record breaking egg was found Mr. J C Rasmussen of Bowden brought into the office an egg weighing one quarter of a pound and measuring six and a half inches in circumference and eight inches around it lengthwise. The shell of the egg is very rough and seems very thick.

BACHELORS DEFEATED

Loose Game After Having It Won in Early Stages of the Struggle Score 20-21

"Well they lost after they had the game won", was the general remark after the ball game between the married and single men last Friday.

The bachelor boys started out pounding the pelet all over the diamond and in spite of himself Sunny Jim, the star twirler for the married men he could not prevent the twelve odd runs that were piled up against them at the end of the 2nd inning. So the game went on—the single men not having as much experience as the old veterans, lost their heads at the sight of victory in the seventh and before they could get them selves collected, the score stood 20 to 21 in favor of the married men.

Jim Cornish passed them over to O Anderson for the married men and had good support both in and out field. McKim did some fine twirling for the singles and was well received by Buchanan.

H McDermott of Innisfail proved a very impartial umpire, calling out very close decisions, which took well with the fans.

The baseball season opens in Bowden on Friday when the local boys will endeavor to slip one over on our esteemed neighbors, Olds. The game will be called at 5:00 o'clock sharp. Every one are requested to turn out and give the boys their hearty support.

CHURCH NOTICES

For Sunday April 24th services will be held at Earle Creek at 3 p.m. and at Red Lodge at 11:30 a.m.

In the evening at Bowden at 7:30 p.m. the O. d. f. l. o. w. s. an. u. l. an. n. services will be held in the Presbyterian church. Revs. West and Chalmers will conduct the services. Mr West will preach the sermon, taking as his subject "True Manhood" and using as his text "Quit ye like Men". A large attendance is expected and all are heartily invited to attend.

This week fire completely destroyed the stable, seed grain, buggy and some harness of Mr. H. G. Fleet of Red Lodge.

The Bowden Band will hold their annual sports on May 24th. It will be a big day in Bowden as there will be athletic sports of all kinds and the prizes will be worth going after.

While burning brush last week Mr J Prouse lost his winters cut of wood valued at about \$150.00. The fire got beyond control and while trying to save his hay stack the wood took fire and was burned up.

A meeting was held in H E Shenfield's office for the purpose of organizing the fire brigade. G Christie was elected captain, R L Lowe as Secy. The first drill will be held on Tuesday, April 25th at 7 o'clock sharp, and every other Tuesday after.

This week Mr. Robt McCue brought into the News office a specimen of siew grass measuring over twenty-two inches in length. This is all this year's growth and the rapid progress the other grain and grasses are making, speaks well for the fertility of the soil and an improved weather conditions of the district around Bowden.

HEALTHY CHILDREN

**Psychine
Made Her
A Robust
Child**

It is not necessary for us to speak any words of our own, for the facts given below are strong enough to convince the most skeptical as to PSYCHINE'S power to restore health. Mr. John Bykes, of Victoria Harbor, says:— "When Nellie was about 4 years of age, she had wasted away so much that she looked like a little skeleton. The doctor treated her for 2 or 3 months, but the child got worse, and the doctor said he could do nothing more. We called in another doctor who told us everything had been done and that the child could not get better. We decided to take the little thing to a Montreal doctor, who said her lungs were filled with pus and that she would have to undergo an operation if we would save her life. The next day he came down from Montreal and operated upon her, but the operation was a failure, as he was unable to get any pus out of the lungs. "We were disappointed, and fully thought little Nellie was not going to get better, but it was cruel to let her suffer so. At this time we heard what a wonderful medicine PSYCHINE was for the lungs. We had been reading some of the advertisements in the papers of people who had been cured through PSYCHINE. We thought it would suit our little girl, and so decided to give it a trial. This we did, and after Nellie had taken the first bottle we saw an improvement. Gradually the little girl began to fill out, and by the time we had used 8 or 9 bottles, she was quite well. That was two years ago and she is as well and robust to-day as the other children are. "We have a great deal to be thankful for. We firmly believe little Nellie would never have lived if we had not heard of PSYCHINE. We shall be pleased to answer enquiries at any time.

For Sale by all Druggists and Dealers, 50c and \$1.00 per bottle.

DR. T. A. SLOCUM, Limited, Toronto.

PSYCHINE (PRONOUNCED SI-KEEN) STRENGTHENS WEAK LUNGS

The Lesson

In a certain Sunday school a teacher told her pupils the tragic story of Samson and Delilah. Then she turned to a little boy. "What do you learn, Joe," she said, "from the Samson story?" "It don't never pay," piped Joe, "to have a woman cut a feller's hair."

Minard's Liniment Relieves Neuralgia

In preparing mayonnaise for a fruit salad, some cooks substitute sugar for the mustard.

A Pill That is Prized.—There have been many pills put upon the market and pressed upon public attention, but none has endured so long or met with so much favor as Parmelee's Vegetable Pills. Widespread use of them has attested their great value, and they need no further advertisement than this. Having firmly established themselves in public esteem, they now rank without a peer in the list of standard vegetable preparations.

Paid the Penalty

Manager (to his wife)—Our office boy died today, and I think you ought to send some flowers. "I don't see why." "Well, for the last month he's been eating the lunches you put up for me."

FOOD FOR A YEAR

Meat..... 300 lbs.
Milk..... 240 qts.
Butter..... 100 lbs.
Eggs..... 27 doz.
Vegetables..... 500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion
equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

FOR SALE BY ALL DRUGGISTS

SCOTT & BOWNE
126 Wellington Street, West Toronto, Ont.

W. N. U., No. 789.

Planning a Future

"I'm going to have my boy learn electrical engineering, chemistry, physics and law, and incidentally take a course in physical culture that will enable him to endure all sorts of exposure and muscular strain."

"Great Scott! What for?"

"I want him to be able to run his own automobile."—Washington Star.

Conservation

Stranger (in Drearyhurst)—You people here don't clean the snow off your sidewalks very well, do you?" Uncle Welby Gosh—No sir. It saves the sidewalks, an' we b'lieve in conservin' our resources. See anything else you don't like, mister?"—Chicago Tribune.

"Whiting, mixed to cream in tepid water is excellent for dirty painted work.

Batter puddings of any kind, especially when made with fruit, are more tasty steamed than baked.

After the Prophet Joshua

A Mountaineer of one of the back countries of North Carolina was arraigned with several others for illicit distilling. "Defendant," asked the court, "what is your name?" "Joshua," was the reply. "Are you the man who made the sun stand still?"

"No, sir," he answered. "I'm the man who made the moonshine."

Minard's Liniment for sale everywhere

Meaning What?

"Sister Molly is a most accomplished girl."

"Yes—but few like her."

Some persons are more susceptible to colds than others, contracting derangements of the pulmonary organs from the slightest causes. These should always have at hand a bottle of Bickle's Anti-Consumptive Syrup, the present day sovereign remedy for coughs, catarrh and inflammation of the lungs. It will effect a cure no matter how severe the cold may be. You cannot afford to be without a remedy like Bickle's, for it is the best.

Old Landlord

Mr. Thomas Higerty, landlord of the Windsor Castle, Clapham Junction, is in his ninety-fourth year, and is probably the oldest licensed victualler in the kingdom.

THE MOTHER'S AID AND CHILDREN'S FRIEND

Baby's Own Tablets are not intended for babies only. This medicine is intended for children of all ages. It is gently laxative and comforting. Cures indigestion and other stomach troubles, constipation and simple fevers. Guaranteed free from poisonous opiates. Mrs. Paul Carrier, Petite Mehins, Que., says: "I find Baby's Own Tablets the best medicine I have ever used for children. I have used them for most of the troubles that afflict little ones (and have not known them to fail). Mothers should always keep them on hand." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Flushed the Game

Designing Woman (to Old Cooney, referring to her sister prodigy)—It's charming to see an old head on young shoulders. Don't you think so? Old Cooney moves dubiously and reaches for his hat.

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh. There is no other Oil that has its curative qualities.

Before pouring hot fruit into a glass jar, put it on a wet cloth; this will keep the glass from cracking.

CURED IN ONE MONTH

If every woman, who has Kidney or Bladder trouble, could go to Davisville, Ont., and talk to Mrs. A. Simpson, they would do just as she did, take Gin Pills and cure themselves. "For 14 or 15 years I had Kidney or Bladder trouble, suffering at times intense pain. I doctored continually but nothing gave me permanent relief until I was persuaded to try Gin Pills. "Within a couple of days I received great relief and after taking one box was completely cured."

MRS. A. SIMPSON.

Write National Drug & Chemical Co. (Dept. N.U.), Toronto, for free sample. 50 cents a box—6 boxes for \$2.50 at all dealers.

For Grandpa's Ears

"It is an age of skepticism. We even have skeptical children," said Jerome S. McWade.

"My little grandchild's mother said to her a short time before her birthday."

"Why do you pray so loud? God isn't deaf."

"No; but grandpa is," was the reply.

A Change of Route

"Where d'ye t'nk we'd better go dis season?" asked Fringy Fake of his partner.

"I was jist readin' in dis scrap 'bout a place in Mexico where a feller wid no pantaloons wuzn't allowed to promenade on de plaza."

"Cut dat place off de map"

A Remarkable Sapphire

There is exhibited in the National Museum at Washington a sapphire weighing nine carats, which contains a bubble that appears and disappears with changes of temperature. It is believed that a cavity in the gem encloses a quantity of carbonic acid gas under great pressure. When the temperature is such as to correspond with the "critical point" for that gas, under the particular pressure to which it is subjected in its brilliant prison-house, it liquefies and becomes visible as a bubble.

Farmer—"Listen to this paper. The paper says that they have found in Italian prisons the petrified remains of some of the prisoners."

His Wife—"Oh! they must be them hardened criminals we hear about."

HE GOT RELIEF RIGHT AWAY

DODD'S KIDNEY PILLS CURE KIDNEY DISEASE OF EIGHT YEARS' STANDING

That's What They Did for William O. Cain, and Now He Says: "Dodd's Kidney Pills Are a Great Medicine."

Mapleton, Albert Co., N.B. (Special)—"When I began taking Dodd's Kidney Pills I got relief right away. I have found Dodd's Kidney Pills a great medicine." So says William O. Cain, well-known and highly respected in this neighborhood. And Mr. Cain has a very good reason for making so emphatic a statement. For eight years he was a sufferer from Kidney Disease, and did not seem to be able to get relief.

"Why, I was so bad," Mr. Cain goes on to state, "and my kidneys bothered me so that if I would go to pick anything off the ground I would fall." But Dodd's Kidney Pills cured him just as they have cured thousands of other sufferers all over Canada. They never fail to cure Kidney Disease of any kind. Not once, but scores of times, they have vanquished Bright's Disease, the most deadly of all kidney troubles, while every day brings stories of cures of Rheumatism, Lumbago, Dropsy and Heart Disease from various parts of the Dominion. Other kidney medicines may cure. Dodd's Kidney Pills always cure.

A Ruse

Sandy Pikes—Yer lucky dog all right. How do yer manage to get all that pie, anyway?

Billy Likes—Why, I goes up and asks them for soap. Dat dazes 'em so dat I jes' walks up an' helps myself to everything before dey recover.

DR. MORSE'S INDIAN ROOT PILLS

cure many common ailments which are very different, but which all arise from the same cause—a system clogged with impurities. The Pills cause the bowels to move regularly, strengthen and stimulate the kidneys and open up the pores of the skin. These organs immediately throw off the accumulated impurities, and Biliousness, Indigestion, Liver Complaint, Kidney Troubles, Headaches, Rheumatism and similar ailments vanish. Dr. Morse's Indian Root Pills

STUMP, BUSH AND TREE PULLERS

Address:—

CANADIAN SWENSONS LIMITED, LINDSAY, CANADA.

If you have land to clear, no matter where it is, with stumps, standing trees or small bush alders or willows, we have the machine and apparatus for doing the work, and we sell our machine on a guarantee that it will work faster, be easier and more convenient than any other machine on the market. It is also the only Malleable Iron Stump machine made. Do not fool away time and money with old dilapidated cast iron machines. If you write for Catalogue "S" you will get full particulars.

The Ingredients Used In

NA-DRU-CO

Medicinal and Toilet Preparations are of the same high quality as those your druggist uses in filling your physician's prescriptions.

The National Drug and Chemical Company supplies the greater part of the drugs dispensed by the physicians and druggists of Canada, and it is probable that the ingredients used by your own druggist in his prescription work came from our warehouses.

From these same warehouses come the ingredients used by our expert chemists in compounding NA-DRU-CO preparations. Every ounce of material used in every NA-DRU-CO article is the best that our skilled buyers can select from the world's markets.

We Can Afford

to use only the very best materials because, buying in immense quantities for our wholesale trade, we get the best crude drugs at rock bottom prices. In our chemical laboratories these raw materials are refined and prepared by expert chemists and subjected to rigid tests both for strength and purity before being used in NA-DRU-CO preparations.

NA-DRU-CO Cod Liver Oil Compound, for instance, is made from the best of materials, by our expert chemists, and is consequently the most perfect tonic. NA-DRU-CO Nervozone is another striking example of the results our skilled chemists get from good ingredients.

ALWAYS LOOK FOR THIS TRADE MARK

We Could Not Afford

to use any but the finest and purest materials in each and every NA-DRU-CO preparation, because on the quality of each depends the future of the whole line. Linked together as they are by the NA-DRU-CO Trade Mark, a single article found unreliable would go far to destroy your confidence in all NA-DRU-CO goods.

Ask your druggist about the quality of the drugs we supply to him—about our facilities for compounding superior medicinal and toilet preparations—about our reliability.

Go a little further if you like, and ask your physician or your druggist what goes into NA-DRU-CO preparations. They can tell you, for we will furnish to any physician or druggist in Canada, on request, a full list of the ingredients in any NA-DRU-CO preparation.

"Money Back"

Furthermore, if any NA-DRU-CO article you buy does not entirely satisfy you, return it and your druggist will refund your money.

If your druggist has not the NA-DRU-CO article you want in stock he can get it for you within two days from our nearest wholesale branch.

A Few NA-DRU-CO Favorites:

Toilet:
Complexion Cream
Talcum Powder
Tooth Paste
Witch Hazel Cream

For Children:
Baby's Tablets
Sugar of Milk
Dyspepsia & Indigestion
Dyspepsia Tablets

Ointment and Salves:
Carbolic Salve
Stainless Iodine Ointment
File Ointment

Tonics:
Cod Liver Oil Compound
Tasteless, (2 sizes)

A Bad Condition of Liver and Stomach

Chronic indigestion and bowel trouble which is overcome quickly by Dr. CHASE'S KIDNEY AND LIVER PILLS

To the person with liver and stomach troubles everything looks blue and life is scarcely worth living.

How different he feels even after the first dose of Dr. Chase's Kidney and Liver Pills. There is no treatment obtainable which so quickly and thoroughly awakens a sluggish liver and sets the bowels in healthful and regular action.

There is no question that this condition is the real cause of trouble and that any medicine which falls short of regulating these organs can at most only afford temporary relief.

What tired, languid feelings after meals, when the process of digestion is going on. What annoyance from belching wind, pressure of gas on the heart and consequent smothering sensations. What a miserable depressing feeling comes over mind and body.

And yet how easy it is to change all this by use of this medicine of well-

known and decidedly remarkable value.

You are not making any experiment when you use Dr. Chase's Kidney and Liver Pills for liver, stomach and bowel disorders. You can be sure before you use them that the results will be satisfactory. You will not wonder then why some people are so enthusiastic when they talk about Dr. Chase's Medicines.

Mrs. James Lawrence, West L'Arroise, C. B., writes: "I have great confidence in Dr. Chase's medicines, and believe that Dr. Chase's Kidney-Liver Pills saved my life. I was a great sufferer from chronic dyspepsia and entirely unable to do anything. Two boxes of Dr. Chase's Kidney-Liver Pills cured me and I have recommended them to many people."

"My husband was cured of liver complaint by using these pills and we would not think of being without them in the house."

Dr. Chase's Kidney and Liver Pills. One pill dose, 25 cents a box, all dealers, or Edmanston, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

TORTURED FOR SEVEN YEARS "FRUIT-A-TIVES" HER SALVATION

MADAM JOSEPH LIRETTE
No. 111 George St., Sorel, Que.
"For seven years, I suffered from womb disease and dreadful torturing pains, and I had constant dyspepsia and chronic constipation—the latter so bad that sometimes I went ten days without action of the bowels. Six different doctors treated me and for a year I was in bed, constantly facing death. Then my husband coaxed me to try 'Fruit-a-tives' and this medicine, and nothing else, cured me and saved my life."
(Signed) Mme. JOSEPH LIRETTE.
50c. box—6 for \$2.50—or trial box 25c.—at dealers or from Fruit-a-tives Limited, Ottawa.

How It Happens

Mr. Stubb—"Man up in the extreme end of Alaska writes to his wife every mail."

Mrs. Stubb—"My! What an affectionate husband!"

Mr. Stubb—"Oh, I don't know. There is only one mail a year up there."

I consider MINARD'S LINIMENT the BEST Liniment in use.

I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT, and it was as well as ever next day.

Yours very truly,
T. G. McMULLEN.

No Use

Itinerant Mechanic—Fix yer gate, boss? Seems to be saggin'.

"No use. There are three other girls in the house who are coming out soon."

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

In coring apples which are to be peeled, core them first and there is much less danger of their breaking.

Minard's Liniment Cures Burns, Etc.

Short—I wonder what became of those 'Swiss Bell-Ringers' who used to be so popular?

Long—Oh, I guess they rung off.

Pills That Have Benefited Thousands.—Known far and near as a sure remedy in the treatment of indigestion and all derangements of the stomach, liver and kidneys, Parmenter's Vegetable Pills have brought relief to thousands when other specifics have failed. Innumerable testimonials can be produced to establish the truth of this assertion. Once tried they will be found superior to all other pills in the treatment of the ailments for which they are prescribed.

Not the Same

"How often have I told you that I won't have tobacco smoking in the house?"

"Tain't tobacco—it's one of them cigars you bought me."—N. Y. Telegram.

Your Druggist Will Tell You

Murine Eye Remedy relieves Sore Eyes, Strengthens Weak Eyes, Doesn't Smart, Soothes Eye Pain, and sells for 50c. Try Murine in Your Eyes and in Baby's Eyes for Scaly Eyelids and Granulation. 1

Artificial Marble

The Italians have devised a method of manufacturing artificial marble. Catania, the centre of the industry, is overlooked by the great volcano Etna, and this mountain has furnished part of the material employed. Common white sandstone is cut into the desired shapes and these are placed in an iron tank upon a heavy wire crating. Then the tank is filled with a molten mixture of volcanic ash and coal-tar. This is kept boiling for thirty-six hours, when the stones are taken out, cooled, dried, and polished. It is difficult, say the experts, to distinguish stones thus treated from genuine black marble, but the cost is much less.

As to Jack

Nan—"Jack and I have made up our quarrel. We're good friends again."

Fan—"I'm glad to hear it. Does he know it yet?"

Dear Money

Mrs. Anthony Hope, the American wife of the well-known English novelist, is as celebrated as her husband for bonnets.

At a dinner in New York during her American visit, the young lady expressed her disapproval of mercenary marriages.

"Never marry for money," she said. "You can borrow cheaper."

It was her birthday, and the loving little wife moved her low chair close to her husband's side. He was reading. She placed her dear little hand lovingly on his arm and moved it softly towards his coat-collar. He felt nice all over. He certainly expected a kiss.

"Hubbie!" said she.

"What, my dear?"

"I was just thinking—"

"Were you, my love?"

"I was just thinking how nicely this suit of clothes you have on would work into a rag carpet!"

Wishing Too Much

When Wilberforce was a candidate for Hull his sister offered a new gown to the wives of all the freemen who voted for her brother.

"Miss Wilberforce for ever!" shouted the enthusiastic crowd when she made the announcement.

"Oh, no, gentlemen," she replied smiling. "It is very good of you, but I really do not wish to be 'Miss Wilberforce' for ever!"—M. A. P.

NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New Health-Giving Blood

In the spring the system needs toning up. In the spring to be healthy and strong you must have new blood, just as the trees must have new sap. Nature demands it and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin.

In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has told upon you. What is needed to put you right is a tonic, and in all the world there is no tonic can equal Dr. Williams' Pink Pills. These Pills actually make new, rich, red blood—your greatest need in spring. This new blood drives out disease, clears the skin and makes weak, easily tired men and women and children bright, active and strong. Miss M. Dugay, Lower Cove, N.S., says:

"I believe I owe my life to Dr. Williams' Pink Pills. My blood seemed to have turned to water. I was pale as a sheet; I suffered from headaches, and floating specs seemed to be constantly before my eyes. As the trouble progressed my limbs began to swell, and it was feared that dropsy had set in and that my case was hopeless. Up to this time two doctors had attended me, but notwithstanding I kept growing worse. It was at this juncture I began using Dr. Williams' Pink Pills, and after taking a few boxes I was much improved. I kept on using the Pills until I had taken eight boxes, when my health was completely restored."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Copper may be cleaned by rubbing with lemon peel and salt. Wipe off quick and polish with dry chamois.

Cranberries, if all are sound, will keep well in a pile of water. The water should be changed once a week.

FOR THE SKIN AND SCALP

Because of its delicate, emollient, sanative, antiseptic properties derived from Cuticura Ointment, united with the purest of cleansing ingredients and most refreshing of flower odours, Cuticura Soap is unrivalled for preserving, purifying and beautifying the skin, scalp, hair and hands. Assisted by Cuticura Ointment, it dispels itching, irritating and inflammation and tends to prevent clogging of the pores, the cause of many disfiguring facial eruptions. All who delight in a clear skin, soft white hands, a clean, wholesome scalp and live, glossy hair, will find that Cuticura Soap and Cuticura Ointment realize every expectation.

One Omission

Author—"Only one thing kept my last novel from making a sensation."

Friend—"What was that?"

Author—"No one read it."

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

Would Have Walked Over

The story is related of a son of the Emerald Isle who as he was nearing the dock where he was to land noticed a diver appear on the surface and climb into a boat. After recovering from his astonishment, he exclaimed, "Well, begorra, if I'd 'a' knowed the way I'd 'a' walked over, too."

Pastor—I hope the report that you raced horses going home from church last Sunday is not true.

Deacon Pillar—No, sir; but if you think I'll let Jim Blaze's rackabone rag pass me, you're mistaken.

FAMOUS DOCTOR'S PRESCRIPTION.

An Error in Team Work

Edith, aged 6, had just been informed that twin boys had been added to the family.

"That's funny," she mused, "Ethel and I both prayed for a baby brother, but we thought it was the same one."

Minard's Liniment Cures Dandruff.

Up and Down—2 a.m.

Doctor (answering bell through the tube)—Well, well?

Voice (below)—No, you idiot! Ill.

If one be troubled with corns and warts, he will find in Holloway's Corn Cure an application that will entirely relieve suffering.

To prevent milk from curdling, add a good pinch of carbonate of soda to each quart before putting it on to boil.

Innisfail

INNISFAIL DEPARTMENT

A grand banquet was held in the Alberta dining room last Wednesday evening in honor of Dr. S. G. Membry who left for Toronto on Monday. The doctor was presented with a nicely engraved locket and an address signed by his numerous friends.

Mrs. Jas. Watt of the Little Red Deer has a nice garden of flowers in full bloom.

Prairie fires are numerous these days. It is reported that considerable damage has been done throughout the country. A fire has been raging for several days in the big bush east of here.

Mr. and Mrs. C. Marker of Calgary were visiting in Innisfail on Sunday last.

The Innisfail Old timer association held their annual meeting on April the 12th. The Oldtimers intend having a grand pageant on July 1st. It will eclipse anything heretofore held in Innisfail.

The annual Provincial butter-makers convention is being held in Innisfail this week. Dairy commissioner, C. Marker of Calgary is in charge. A banquet in honor of the visitors will be given at the Alberta hotel on Wednesday April the 20th.

Several cars of good beef cattle were shipped from here last week.

C. B. McCallum is in from his ranch at Ghost Pine. He reports seeding operations as well under way.

The Oddfellows will attend their anniversary services in the English church on Sunday April 24th. Rev. Whitehead will conduct the services.

YOU MUST EAT...

And to be healthy and happy you must eat healthy food. After careful investigation you will find that

Maple Leaf Flour

Will do the trick. There is a Reason—Try the flour and see. Its a household product, too, and deserves the hearty support of the people of this district.

ELEVATORS AND MILLS

Didsbury

Mr. Dowler who relieved Mr. Mickles at the C. P. R. station last summer paid Innisfail a flying visit on Wednesday last.

The high dust storms of the last few days have greatly hindered planting operations.

W. S. Wilson is attending the annual district meeting of the football league at Red Deer on Friday.

HORSE SHOE LAKE.

Mr. and Mrs. Joe Simmons of Bowden were visiting friends at Horse Shoe Lake last week.

Alex Clutton has returned from Calgary where he has been spending the winter. All his many friends are glad to see him back again.

Sam Pendergast of Wimborne visited relatives of this place over Sunday.

Mr. A. Smith sr. went to Innisfail the first of the week, to meet his daughter Mrs. C. White who has returned from Minn. We understand that Mr. White will soon arrive with a full carload of settlers effects.

Mr. Wallace of Bowden, was a guest of Wm. Paul's Sunday.

Mr. Tugan of Didsbury preached a very able sermon to the people of Horse Shoe Lake Sunday.

Miss Clarke and Miss Morton were Innisfail visitors Saturday.

COLLINGWOOD.

John and Walter Scott visited Mr. Robert Hastings on Sunday.

Tom Erwin called on F. C. Thomas on Tuesday.

Miss Mable Thomas visited Mrs. James Scott Sunday.

Mrs. S. M. Holdsworth made a trip to Olds last week.

Mr. A. Anderson made a couple of trips across the Red Deer river last week.

Jim Woodford visited F. C. Thomas and family Sunday.

Miss Beatrice Thomas called on Mrs. Holdsworth on Saturday.

J. Woodford visited Mr. T. Row-lison on Sunday.

Mrs. Rowlison's brother has been paying her a visit.

While coming home from May-ton one day last week, Mrs. Willey and Mrs. Flock had happen what might have proved a serious accident. The pole of the buggy broke and the team took fright and ran away—the ladies were not hurt but severely shaken up.

Mr. W. H. Pool has just moved into his new house.

Mr. Plagg has moved back into his own house again.

Mr. C. Garvey has bought a half section from Mr. Seeper.

Mrs. Anderson

Tells how After Giving Up Hope, She Was Cured of Dandruff

After reading this straightforward statement of Mrs. Elizabeth E. Anderson of Mechanicsburg, Pa. go to S. Perrin, get a large bottle of Parisian Sage for only 50c and if it don't do for you what it did for Mrs. Anderson he will give you your money back. Just read this letter it is worth your while:

"I had given up all hope of ever being cured of dandruff when I purchased a bottle of Parisian sage. It has entirely removed the dandruff and has started a growth of new hair and all this after having been troubled for 15 years. I cheerfully recommend Parisian Sage.

Parisian Sage cures dandruff because it gets right down to the roots of the hair and kills the thousands of pernicious dandruff germs.

Since the introduction of Parisian Sage into Canada it has been in demand by thousands of up to date society women. Parisian Sage will turn harsh lustless hair into bright luxuriant hair in a few days. It is a delightful and invigorating dressing, contains no dye or harmful ingredients and is not greasy or sticky. The girl with the Auburn hair on every package.

7% Money to Loan

good farms near Neapolis as I expect buy-
ing from the States soon. Write me
all particulars, terms and etc. by first
letter. Address P. H. Lantz, Neapolis
45*

Notice to Gentleman Farmers.

Gentlemen I see that there is
only one way left for me to do
business, as there is no use of send-
ing out bills, so the way for me to
pay for my stock is to work for the
cash, so if I do any more work for
any one I expect the cash on
delivery of goods so this is the
final notice.

S. A. Woodward.

DID HIM A FAVOR.

His Apparently Innocent Request Cost
the Bank Dearly.

A customer having a fairly good bal-
ance, never going below four figures,
at a London bank hurried in one morn-
ing and asked to see the manager. The
usual civilities were exchanged, and
the caller explained that he was mak-
ing a rather good investment and had
promised to pay £1,000 the next day.

"Well," said the manager, "there's
no difficulty about that." "Precisely,"
was the rejoinder, "but will you do me
a small favor?" "What is it?" queried
the manager. "I want my friend to
see that my paying him £1,000 will not
exhaust my resources. Will you, there-
fore, oblige me by instructing all the
pay clerks (and they were numerous)
to cash my check when it is presented
without referring to the ledger to see
how my account stands? It will make
a good impression on my man, and it
cannot do you any harm, as you know
what my balance is." (It was a little
over £1,000.)

"Certainly, if you particularly wish
it," replied the unsuspecting manager,
for his customer's name had been long
on the books, and there had never
been any trouble with him.

When the check was presented the
next day at a particular desk the
clerk, without going through the for-
mality of referring to the customer's
account, pleasantly inquired, "How
will you take it?" and handed over the
amount without ado.

The same little ceremony was gone
through at four other pay desks, each
clerk, acting upon instructions, cash-
ing Mr. —'s check for £1,000, mak-
ing £5,000 in all, or nearly £4,000 in
excess of the wily customer's bal-
ance.

And, of course, when Mr. — re-
ceived a polite note requesting him to
call at the bank he was not to be
found.—Pall Mall Gazette.

A Fashion Garrick Killed.

Women of England in the eighteenth
century wore large hats. Samuel Rog-
ers once traveled to Ranelagh in the
same coach with a woman who was
compelled to sit on a stool on the floor
of the coach on account of the incon-
venient height of her headdress. Hannah
More, who was all for simplicity
in costume, writes in her diary that
she has seen women wearing on their
heads "an acre and a half of shrub-
bery, besides slopes, grass plots, tulip
beds, clumps of peonies, kitchen gar-
dens and greenhouses." The credit of
killing this fashion is given to Garrick.
He appeared one night on the stage
with a mass of vegetables on his head
and a carrot suspended from each
side, to the shame and confusion of
many fair members of his audience.

Dr. Johnson's Resolutions.

Dr. Johnson compiled this list of
good resolutions on his fifty-first birth-
day in 1760: "Resolved, Deo Juvante,
to combat notions of obligations; to
apply to study; to reclaim imagina-
tions; to consult the fables on Tetty's
coffin; to rise early; to study religion;
to go to church; to drink less strong
liquors; to keep a journal; to oppose
laziness by doing what is to be done
tomorrow; rise as early as I can; send
for books of history of war; put books
in order; scheme of life."

Communicated

Canada is, at the present time,
suffering from an epidemic of pro-
phecy. The Real estate dealers
are growing dizzy with the up-
ward sweep of their fickle values.
Prospective settlers are teeming
across the borders, making busi-
ness as they come, searching ex-
pecting to find an agricultural
"Utopia". From coast to coast
and even in the old land, "Com-
mercial Club" banquets and "Bo-
ard of Trade" gatherings are the
order of the day, at which some
local giant of finance usually di-
lates in this wise: "Gentlemen;
Rising as I do to speak upon this
world discussed subject, the pros-
perous greatness of our noble Em-
pire; the channels of language fail
to accommodate the mighty overflow
of my feelings. And within this
Empire, the vigorous strides being
made by Canada, must especially
engage our attention. Once be-
lieved to be a frozen waste, she
now, by the power of the progres-
siveness of her citizens, and the
possibilities of her prolific re-
sources, attracts the attention of
the civilized world, etc, etc."

The gentleman is, in most cases
connected with some such enter-
prise as a money to loan, banking
or real estate business, and, from
his point of view, and those of his
like, is no doubt correct.

Now, what is the basis of all
prosperity? Since it always as-
sumes the form of an abundance
or wealth, the question becomes—
Whence comes wealth? From the
only possible source, and that is—
Labor.

If the world's food supply is
swelled by Canadian wheat, it is
because Canadian labor has placed it
there. If capital flows to Can-
ada, it is because labor is here
productive and profits therefore
large.

Where then, does labor come in
on the prosperity game?

Let us turn our eyes to the prair-
ies and examine that most im-
portant adjunct, the homestead-
er. Here we find a young man,
sometimes an old one, who has
moved in from somewhere, the
direction makes no difference
now. He has very often a wife,
and sometimes a family. He lives
in a shack made of sod, containing
room for a stove, a table, a bed, a
chair or two and a newspaper. He
works very hard. He wishes to
improve his place, so that he can
mortgage it to buy some machin-
ery and exchange the sod shack
for a frame one.

A few years pass, the homestead
is now a farm. A frame house
has replaced the shack, many acres
are under crop, much machinery
is seen in the yard. The home-
steader has now a cream separator,
a churn, and a phonograph. He
is a happy and contented man,
enjoying the fruits of his toil?
Not yet. He still toils, harder
than before, the mortgage has
grown with the improvements.
His wife toils with him, the chil-
dren are now old enough to do the
chores, and snatch some schooling
between times. Behind them—toil,
ahead of them—more toil; and for
what? A bare living.

All this time our friend has
been producing that prosperity
which builds the mansions in Win-
ipeg, Montreal etc, and which
makes the champagne to lubricate
the gullets of optimistic after-din-
ner speakers. There is one con-
solation—he is not the only one.
He is in exactly the same position
as the other thousands of wealthy
producers, the world over viz; he
toils incessantly for a bare living
while capital enjoys the fruits
thereof.

That these things are true is
easily seen by the uneasiness ap-
parent among all sections of
the working class. Trades
unions, Farmers alliances etc are
constantly agitating for better con-
ditions.

But with all their efforts, the
conditions remain unchanged, are
even growing worse. Capital rules
the roosts and labour must take
what it gets.

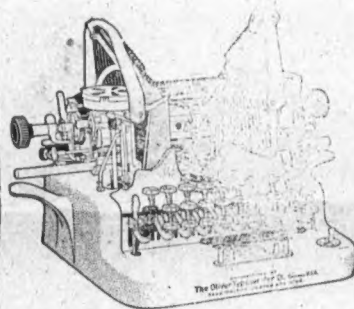

Wherein lies the Capitalists
power to take from Labour the
bulk of its product. In his con-
trol of the giant machinery of pro-
duction such as railroads, factor-
ies etc., which we all are now
compelled to use in order to live
and that on terms that are all to
the advantage of the owner. It
follows therefore that if wealth is
to go where it rightly belongs,
that is, to the producers, the own-
ership of modern industry must
be invested in the producers in-
stead of the Capitalists.

This programme is of course not
acceptable to Mr Capitalist and
will be bitterly opposed by him;
In doing so they will be consult-
ing their own interests alone. The
question is then, whose interests
are the stronger, and to this
we are forced to reply—Labour,
for the working class, agricultural
and otherwise, comprises the vast
bulk of the worlds population.

To accomplish its aim the work-
ers must attack the capitalist in
the most vulnerable spot, that is,
the Legislature. This, carries
the struggle to the political field
and makes necessary the forma-
tion of the Socialist Party.

Socialism is therefore not a new
religion or a foreign doctrine, it
simply is a mirror of your own
condition. It promises nothing—
it teaches you to organize in op-
position to organized capital, look
to your own interests, use your bal-
lots for yourself and Own the
World.

R L Matthews.

NO FREEHOLD RIGHTS

MINERAL LANDS WILL NOT BE ALIENATED

Some Very Important Changes to be Made in Connection With Regulations Governing the Disposal of Mineral Rights—No Surface Rights with Petroleum Lands—For Actual Operations Only.

Ottawa.—The department of the interior has recently issued new regulations governing the disposal of mineral rights on government lands, the property of the crown.

The lands in question are situated in Manitoba, Alberta, Saskatchewan, and the North West Territories. The purpose is to revise the regulations relative to all mineral rights but the specific subjects being dealt with at this time relate to petroleum, natural gas and tar-sand rights.

The purpose in promulgating the new regulations is to conserve to the people of Canada their interest in the natural resources that remain in the control of the government while affording every opportunity and inducement for the investment of capital in their actual development.

In former times it was the policy of the government to dispose outright of mineral rights. Industrial development along such lines was in its infancy and it was regarded as proper and necessary that a broad liberality should be practised in order to encourage and foster the building up of such industries. At that time land had but small value and as an added inducement to capital individuals and corporations were permitted to acquire freehold rights to the surface on lands on which they undertook to develop mineral.

But times have changed; the great tide of immigration of the last few years has given a vastly increased value to land and the encouragement so liberally extended to capital has had the effect of placing the development of the mineral resources of the country on a substantial footing. Hence the determination of the government to inaugurate a new policy for dealing with mineral rights, the modern policy of conservation.

Formerly, when the surface had no great value, regulations were framed whereby the applicant for mineral rights was permitted to acquire both the surface and mineral rights upon the payment of a given sum per acre. As the demand for framing lands increased, the value of the surface of mineral lands was very greatly enhanced, and under this increase in the value of surface lands it in time came about that mineral rights were being acquired for the purpose of getting the surface. Instead of the surface being acquired as an incident to the mineral rights it became evident in many instances that ostensible mineral rights were merely being availed of to grab the surface.

To meet this condition new regulations have been framed designed to segregate the mineral from the surface rights and introducing the principle that mineral rights may only be acquired for actual operation. Under the former regulations the right to acquire the surface with the mineral rights applied to both coal and petroleum lands with the difference that whereas title to coal lands could be acquired upon the necessary payments being made, title to petroleum lands could not be had until machinery was on the ground and a commercial flow of oil obtained. The new regulations, made to apply to coal rights under lease subject to being operated on demand. It was found, however, that the same conditions that had obtained with regard to coal lands were operating with respect to petroleum lands and to protect the public interest the petroleum regulations are now being changed.

Grain Coming to Canadian Ports

Washington, D.C.—In what is believed to be an effort to divert some of the export grain traffic, which usually moves through Canada, to some of the Atlantic seaports of the United States, the trunk lines operating from Buffalo to the seaboard have filed reductions in their grain tariffs with the interstate commerce commission. The reductions will apply only to grain for export.

Reductions have recently been made on the Canadian lines, over which the commission has no jurisdiction, and the rates filed by the American roads are to meet that competition.

Pictures for London

Winnipeg.—So much interest is being taken by Great Britain in the Canadian Pacific plan of providing ready-made farms for selected families that the London Daily Mail has sent over a special correspondent to describe the settlers and their daily lives, who is accompanied by a cinematograph operator, who will take pictures of the people on their farms which will be later displayed to London's millions.

Barrington Hone, the representative of the "Daily Mail," says that the people of Britain cannot hear too much about Canada just now—they are hungry for it. It is as interesting as Germany, but—in a different way.

Irish-American Pilgrimage Off

Dublin.—There is much disappointment here over the apparent breakdown of the proposed great Irish-American pilgrimage next summer. The hotel-keepers, who hoped to reap the chief benefit, are without any definite information as to the present status of the affair.

CRITICISMS ON TRADE TREATY

United States Papers Say That They Got the Worst of It—But Deal Was Fair in General

Chicago.—The Washington correspondent of the Chicago Tribune thus refers to the trade treaty with Canada.

The Canadian agreement is attacked by many tariff experts as a "compromise" which extends most of the advantages to Canada. This view is vigorously combated by the government officials. They declare the United States has obtained all it could hope for from Canada in the way of tariff concessions and that American trade will have a better opening in Canada now than at any time since the Canadian government adopted the protective tariff.

In exchange for the minimum rate from the United States Canada gives this country the "intermediate" rate on all goods which come under the miscellaneous, or omnibus, section of its tariff law; and on twelve specific schedules. These new rates are the same as are given to France under the terms of the new French Canadian tariff.

The reduced rates apply to only \$5,000,000 of the \$18,000,000 export trade which the United States enjoys with the domination. The American tariff officials assert, however, that on practically all the rest of the trade the lower rates given by Canada to France do not carry any menace for the American commerce. The competition of the French goods will be so slight that there will be no actual discrimination against American trade.

Cure of Wheat Sickness Discovered

Fargo, N. D.—After experimenting for the last thirteen years Prof. H. F. Boley, of the University of North Dakota, discoverer of flax sickness and cure which has rejuvenated the fields of Russia and the older parts of the United States, announced that he has discovered the five distinct types of parasites which cause the various varieties of wheat sickness. This sickness has made lands seemingly barren throughout the world and is gradually choking the pro rata of crops in the present wheat growing countries. The experiments have been conducted on a plot of land reserved for years at the site of the Agricultural college, half a mile west of Fargo.

Prof. Boley says the fungi resemble in shape and in reaction on plant life the tuberculosis germs which afflict human life, but that the cure is far easier, being nothing less than a correct rotation of crops, being chiefly clover, corn and potatoes, until tests of lands show the absence of the parasite fungi.

Prof. Boley says the five fungi came to afflict the world's soils from the same unknown cause which gave birth to the human tuberculi, and that they were carried by water and wind, and especially blown straw in threshing time, farther and farther over the world until they are now threatening to throttle the world's supply of wheat and bread.

When Salt Sea Rolled Over Prairie

Calgary.—The Calgary Natural Gas company, after boring 3,700 feet for gas, has suddenly and unexpectedly come upon salt water. Though this was unexpected it brings to mind the fact that that depth is just a little below the sea level. In the countless years ago this part of the world was covered by the sea. The well caved at the bottom and put an end to further digging for the present at least.

A thorough test is now being made of the gas as a fuel by the Calgary brewery. At the conclusion of the test it is the intention to sink other wells in the vicinity.

Arrangements are already made for a well at Gleichen. This will be one of a series of wells from that town to the city. It is likely that a well will be started in Langdon in a short time.

May Decide to Raise Their Rates

London, Ont.—According to local railroad officials there is a move on foot on both the Grand Trunk and the C. P. R. roads to raise passenger and freight rates. Officials state that this course is necessary as a result of the repeated demands of employees for more wages.

American roads are already figuring the matter out and a Grand Trunk official states that the New York Central is talking of raising their passenger rates to five cents per mile. Some lines have already raised rates. If the employees continue to make the demands they have been making, it is contended that the Canadian roads will have to follow the example and raise rates. "We must get the money from somewhere," the official says.

Express Rates

Ottawa.—Whether when an express company files special tariff of rates, it can be compelled to extend such tariff to other commodities than those specified and to other points, was the feature of the express rates hearing recently before the railway commission. Judge Mabee reserved decision. The point came up on a query by the board as to why low freight rates might not be extended to other commodities.

No Need for the \$25

London.—The non-suspension of the rule which stipulates that all emigrants entering Canada must be possessed of \$25 is causing much inconvenience to emigrants. The information department which has just printed an enormous amount of literature, announces that the \$25 rule will not be insisted upon if an immigrant was going to a situation in a city.

PLANS OF THE C. N. R.

BELIEVED THAT IT WILL GO NORTH OF G. T. P.

Stated that the Canadian Northern Will Run North of the Grand Trunk for the Entire Distance to the Yellowhead Pass—Entire North Country Would Then be Shut Off from the G. T. P.

Edmonton.—Has the Canadian Northern beaten out its rival, the Grand Trunk Pacific, west of Edmonton, in the decision to run west from St. Albert, rather than direct west from Edmonton? This is the question that those who have been watching the race to the mountains between the two companies are now asking.

It is stated that the Canadian Northern line will run north of the Grand Trunk Pacific the entire distance to the Yellowhead Pass, and this seems to be the idea of the company in building west from St. Albert, instead of from this city.

The advantages of this change in the C. N. R. plans are obvious. The entire north country will be shut off from the G. T. P. by the Canadian Northern, over the tracks of which all traffic will have to cross to reach the G. T. P. main line. To effect this advantage the Grand Trunk must necessarily build branch lines north from their main line, but even this will not entirely offset the advantage gained by the Canadian Northern.

The final survey of the C. N. R. line from Camrose to Strathcona, which will give direct C. N. R. connection between Strathcona and Calgary by way of the Vergreville-Calgary line, which passes through Camrose, is now completed.

The survey stakes have been brought to a point south-east of Strathcona at the E. Y. & P. tracks, near where they are crossed by Sixth street east. The line enters the Strathcona city limits through the subdivision Rosedale, and also passes through the Hotson and Tuttle farms.

This survey was in charge of Engineer J. G. McKenzie, a nephew of Wm. McKenzie, president of the C. N. R. The line to Camrose passes largely through a country of low land and muskegs, much of which, however, can easily be drained. Owing to the necessity for deviations the line from Camrose to Strathcona is about forty-five miles long. It passes through six townships.

Construction work will be started on this line in the course of the next few days, and it is expected that it will be finished this year.

Importing Thoroughbred Percherons

Calgary.—Mr. George Lane has made arrangements for importing 100 thoroughbred Percheron mares from France. They will arrive in Alberta in August and will be placed at Mr. Lane's ranch at Brooks. Mr. Lane is acting in this enterprise with Gordon, Ironsides and Fares.

Mr. Lane has already on his Bar U ranch the largest band of Percheron horses on the continent. The addition of this band will have a great effect upon the Alberta horse.

Mr. Lane has adopted the policy of the higher class horse on account of the higher price of land. He believes that while it might be well to go in for the poorer horse when land was cheap, that now that land has so greatly increased in price, that the wise horseman has got to handle the better animal.

Mr. Lane's foreman, Mr. Flemming, who has charge of all his horses, will go to France in a few weeks and bring out this excellent band of pure breds.

Homesteads Open in Fort Churchill

Winnipeg.—Homesteads are now open for entry in the Fort Churchill townsite and vicinity on Hudson Bay.

A. F. Crowe, assistant Dominion land agent says: "The Winnipeg land district now includes the surveyed lands in the Fort Churchill townsite and vicinity on Hudson Bay and the department has authorized the Winnipeg land office to accept applications for entry from squatters or other persons whose right of entry has been recognized by the head office. This course only relates to lands that have been surveyed. The whole tract in question remains under reservation as to minerals but no mineral locations will be accepted therein at present. William Beech who has been living at Fort Churchill for some years past was the first person to be granted an entry by the Dominion government."

London Capitalists Buying Coal Lands

Edmonton.—A syndicate of London capitalists have purchased a half section of rich coal lands on the G. T. P., 35 miles east of here and are preparing to develop the property this summer with modern machinery. A representative has been in the city for some time completing arrangements. The property is said to contain three million tons of the best lignite. Modern machinery is to be imported and development carried along on an extensive scale.

Lethbridge Mines Sold to G. T. P.

Lethbridge.—J. N. Greenshields, of Montreal, purchased the controlling interests in Lethbridge collieries. The original owners, among whom were Hon. Colin Campbell, Winnipeg; Jos. Griffin, St. Thomas, Ont.; and Isaac Cockburn, Winnipeg, and later George Rogers, Lethbridge, will retain their interests. It is understood the G. T. P. is behind the deal and will spend four hundred thousand in development.

FOR WESTERN CORPS

Cavalry Brigades and Additional Units to be Organized—Headquarters to be Changed

Ottawa.—Military orders of interest to western Canada have been issued as follows: Twenty-second Saskatchewan Light Horse—An increase in the establishment of this unit from two to four squadrons of cavalry with headquarters at Maple Creek and Swift Current, respectively, to form a nucleus of a new regiment to be designated the Twenty-seventh Light Horse, is authorized. The organization of two additional independent squadrons, to be designated "C" and "D" squadrons Canadian Mounted Rifles is authorized.

The organization of a brigade of cavalry to be known as "5th Cavalry brigade," consisting of the 15th light horse, 19th Alberta Mounted Rifles, 21st Alberta Hussars, and 23rd Alberta Rangers, is authorized. The 103rd regiment "Calgary Rifles," with regimental and company headquarters at Calgary is authorized.

Canadian Army Service corps—The organization of an additional company with headquarters at Calgary, to be designated "No. 14 company" is authorized.

In Military district No. 10.—99th regiment. The regimental and company headquarters will in future be as follows: Regimental headquarters, Brandon, Man.; "A," "B" and "C" companies, Brandon, Man.; "D" company and "E" company, Portage la Prairie, Man.; "F" company, Souris, Man.

Military district No. 13. 23rd Alberta Rangers. The squadron headquarters will in future be "A" squadron, Macleod; "C" squadron, Cardston; "D" squadron, Pincher Creek.

Military district No. 11.—The Canadian Mounted Rifles will, in future, be designated "The British Columbia Horse."

Canada Attracts British Capital

London.—The non-suspension of the rule which stipulates that all emigrants entering Canada must be possessed of \$25, is causing much inconvenience to emigrants, and the information department which had just printed an enormous mass of literature, announced that the \$25 rule would not be insisted upon if the emigrant was going to a situation in a city.

A dealer in Fleet street, and a publisher with £39,000 and £19,000, respectively, are going to Canada.

The Canadian Pacific liner Lake Erie sailed recently with 1,200 passengers most of whom are Britishers.

The Mount Royal, an extra vessel of the same line, which was only advertised a week ago, is already fully booked.

Favor Compensation

Ottawa.—During the discussion on Hon. Sydney Fisher's amendment to the meat and canned food act, several members on both sides of the house favored government compensation for animals destroyed under orders of government inspectors.

Mr. Owen, of East Northumberland, declared that tuberculosis animals were being slaughtered every day and sold to people as sound meat.

George H. Bradbury, of Selkirk, declared that cold storage had increased the cost of living. Provisions were held in cold storage, unreasonably long and market prices controlled. He advocated framing a Dominion law whereby goods when they went into cold storage should be dated and ordered to be sold within a certain time.

Kitchener Did Not Resent Criticism

San Francisco.—With his usual incisiveness, Lord Kitchener denied the story that criticism of his work had caused him to cut Canada out of his itinerary.

"Important business at home," he said, "is the sole reason of my not going to Canada. Any statement credited to General Otter, Chief of the General Staff of Canada, criticising my ability to install improvements in Canadian defenses, did not influence me to 'hang' my rule of travel. I intended to visit Canada until important business in England made it necessary for me to cut down my home-ward itinerary. For that reason I will go direct to New York and thence to Liverpool. I will leave New York no later than April 16."

Cruisers to Arrive in June

Ottawa.—The Rainbow and Niobe, the cruisers forming the nucleus of the Canadian navy, are expected to come out to Canada about the end of June, according to the latest advices received at the marine department. The Rainbow is still in the dockyard. It is stated that some necessary changes to make the ship suitable for training purposes will be made only when the money is voted by parliament. The Niobe will be ready to come out soon after the parliamentary appropriation for the purchase is ratified. She will be stationed at Halifax, and the Rainbow on the Pacific coast.

Should Limit Cold Storage

Washington.—A limit should be put on the use of cold storage for the purpose of maintaining or advancing prices artificially is the judgment of the senate cost of living committee. Chairman Lodge introduced in the senate a bill to meet this recommendation.

Emigration to Australia

Melbourne.—All parties here united in welcoming thousands of well-equipped immigrants from Great Britain and America. This vigorous stimulus to the States' closer settlement schemes forms an integral part of their politics.

THE SUNDAY SCHOOL

LESSON III.—SECOND QUARTER, FOR APRIL 17, 1910

Text of the Lesson, Matt. xi, 1-19. Memory Verses, 4, 5—Golden Text, John v, 36—Commentary Prepared by Rev. D. M. Stearns.

After the commission of last lesson both Jesus and His disciples departed and went through the towns preaching the gospel and healing everywhere. See verse 1, with Mark vi, 12, 13; Luke ix, 6. We may imagine the result from such a passage as Matt. iv, 24. In Luke vii, 16-18, we read that after Jesus raised the widow's son to life the people glorified God, saying that a great prophet is risen up among us and that God hath visited His people. And this rumor of Him went forth throughout all Judea and throughout all the region roundabout. And the disciples of John showed him of all these things. This explains how, according to verse 2 of our lesson, John heard in the prison the works of Christ. We learn from chapter xiv that John was put in prison because he had fearlessly rebuked sin in high places, a dangerous thing to do if one's own comfort is considered when the powers that be are in league with the devil. So Micahiah, son of Immla, found it when for speaking the truth he was put in prison and fed on the bread and water of affliction. Zechariah, son of Jehoiada, was stoned to death because he testified that the people were in trouble because they had forsaken the Lord (11 Chron. xviii, 25, 26; xxiv, 20, 21). The hatred of the world, however, is not strange, for the devil is the god of this age, and he is the great adversary of God and man. But when one is suffering for righteousness' sake and our God, whose we are and whom we serve, seems not to hear us and sends no deliverance then it becomes very perplexing to any but the strongest faith. See Joseph as slave and prisoner, Martha and Mary with a sick and dying brother and John the Baptist seemingly neglected and forgotten. In reply to John's question by his two disciples Jesus in that same hour wrought many miracles and said to the messengers, "Go and shew John again those things which ye do hear and see" (verses 3-6; Luke vii, 20, 21). He also said as such as "Do not be offended, John, if I do not come to see you, and do not think it strange if I do not release you." We must remember His words in John xvi, 1-3; 1 Cor. 1, 10.

The messengers from John having departed, Jesus said to the multitudes concerning John that he was the one foretold by Isaiah and Malachi as the messenger who would prepare the way of the Messiah (Isa. xl, 3; Mal. iii, 1). He also said that among them that are born of women there hath not risen a greater than John the Baptist (verse 11). We remember that Gabriel said, "He shall be great in the sight of the Lord," he shall be filled with the Holy Ghost, he shall go before Him in the spirit and power of Elias" (Luke 1, 15-17)—not great in the sight of men, but ready to testify or suffer or die that God may be glorified. In connection with John's greatness our Lord added, "He that is least in the kingdom of heaven is greater than he" (verse 11). This has perplexed many because perhaps, they have not noticed that Jesus did not say "the least in heaven," but the least in the kingdom of heaven, or kingdom of God (Luke vii, 28), which means the kingdom to be set up on this earth when Jesus shall be king over all the earth. When the kingdom comes John himself shall be greater than he ever was when he in humiliation. The least in the glorified body, like Jesus Himself (1 John iii, 2), shall be greater than the greatest here in a mortal body. There is more light for us upon this in due time, but let us consider the greatness of being "like Him" and so continually behold Him as to be more like Him now.

The kingdom suffering violence (verse 12) evidently refers to the violence which John was now suffering and which Jesus, the King, was soon to suffer at the hands of the rulers. See Luke xvi, 16, R. V. They killed the herald and also cruelly murdered the King. They then violently pressed against the kingdom and caused its postponement till He shall come again in His glory. Stephen summed it up in his discourse when he said, "Ye stiff-necked and uncircumcised in heart and ears, ye do always resist the Holy Ghost—as your fathers did, so do ye. Which of the prophets have not your fathers persecuted? And they have slain them which shewed before of the coming of the Just One; of whom ye have been now the betrayers and murderers" (Acts vii, 51, 52).

John the Baptist came in the spirit and power of Elijah, and had they received him and the Messiah whom he heralded the kingdom would have come (verse 14); but, having acted as they did, the real Elijah must come to herald the return of Christ in glory (Matt. xxii, 10-13). Let those receive it who can.

They said that John had a demon, and Jesus they called a glutton and a winebibber and a friend of publicans and sinners. We must not therefore think it strange if we receive similar treatment and are numbered with transgressors, reviled and persecuted for His sake. We must consider Him who endured least we become weary. He giveth power to the faint, and to them that have no might He increaseth strength.

Butter that is watery and not well worked should never be used for a cake, as it will make it heavy.

LAKEVIEW.

Rev. J. E. Larson preached from part of the 42nd verse of the 22nd chapter of St. Matthew. "What think ye of Christ?" He read the 22nd chapter of Matthew for the scripture lesson. Miss Ella Bremner presided at the organ.

The United Farmers of Alberta, Lake View Union, will hold a meeting in Lake View on Saturday, April 23rd, at 7.30 p.m. All farmers in this district ought to be present as business of importance will be transacted, such as harvesting twine, the Government Pork packing plant and other matters of importance, so be sure and come on time.

The Lake View school board have engaged Miss Ella Bremner, of Red Deer as teacher for a term of seven months. She commenced her new duties on April 11th.

Our Mr. S. D. Huston is a hustler, and has got his farm comfortably fixed up for the length of time he has been in this district; he also has a choice bunch of Ayrshire spring calves and is a very successful dairyman. Hustlers are the kind to make any district.

Mr. E. E. Winslow has his farm in a good state of cultivation, he is a careful farmer and will make it pay here.

The Central Alberta Railway surveyors are still working in this eastern district.

Jerry Iverson is putting in the Charley Waring farm this season.

The Hay brothers of Grand View ranch are putting in the Isaac Graham farm this year.

Our Implement dealers are doing a fine business this season. Farmers can buy cheaper from them than from the town dealers.

W. Logan the manager of the Lake View store is doing a rushing business this spring. Good goods and reasonable prices will tell every time.

Rev. C. Waring of Raven is visiting in town.

Wimborne

J. Pendergast drove the mail stage between Wimborne and Millerton last week.

Elmer Harris visited at the home of his sister, Mrs. Ayers Sunday.

Mrs. Marshall visited the Wimborne general store a short time ago.

J. Nelson drove a large bunch of steers to Olds last week.

Miss Thurston of Millerton paid a visit to Wimborne a couple of weeks ago.

Mrs. S. Pendergast spent a few days with her mother Mrs. Jardine last week.

A very exciting fire occurred near the store here one day last week, which for a short time threatened to sweep everything before it; but for the quick action of Pendergast brothers, and others who soon came to their aid, the fire was under control in a short time. The fire started on or near an open section just south of the store, and with a brisk wind was headed straight for the buildings, when first noticed.

Mrs. M. Holdsworth visited at the home of Mrs. P. Hansen of Olds last week.

Mrs. Ayres and Mrs. Kerr of Curlew visited their brothers of Wimborne Wednesday.

E. G. Harris called at the home of Mr. and Mrs. Flock last week.

Mr. S. J. Jardine is appointed to a mission field near the Red Deer River, east of here, where he will conduct services this summer.

Wimborne will soon have to enlarge its post office as there is a great many starting to get mail here, that were in the Arthurvale district before that post office closed.

In the report of the meeting of the Frontier district, the name of Mr. Wales, who was the new trustee elected, was accidentally omitted.

TROCHU.

Mr. Francois Adam of Camrose purchaser of the Grand Trunk Pacific right of way arrived in Trochu on Wednesday evening April 14th. During his short stay in Trochu he interviewed the owners of the Trochu townsite in respect to purchasing the company's right-of-way thru the village. During his absence of one week from Camrose Mr. Adams has made the record purchase of fifty miles of the company's right-of-way. A little difficulty was experienced at certain points but no purchase has yet been referred to arbitration. The G. T. P. are paying \$15, \$20, and \$25 per acre for all their land purchases, according to the quality and situation of the land. Mr. F. Adams stated that the line surveyed thru Trochu is the main line of the G. T. P. from Winnipeg to Calgary. The service on this line will be the best in Canada and the freight rates will be the lowest. Mr. Adams expressed the opinion that Trochu would be the best town on the line between Camrose and Calgary.

Mr. Trochu states that the present post office premises are quite inadequate for the handling of the increased volume of mail and that he will be compelled to erect a post office building on Main street in the course of a few weeks.

In all probability the Trochu station will be built on the present De Chaumac livery barn site. The definite location has not as yet, however been decided upon.

During the coming year the Sisters D'Evon who own the present Trochu hospital, expect to erect in Trochu one of the largest hospitals in Alberta. The proposed building will be constructed of concrete blocks and its hospital equipment will be of the most modern and approved type. An isolation hospital will also be built in connection. The total cost of the hospital will run into many thousands of dollars and for size it will easily compare with the Holy-Cross Hospital in Calgary.

Mr. Joseph Potts and Mr. Thos. Potts from Missouri are visiting their brother in Trochu, Mr. J. H. Potts. They are greatly pleased with the prospects of Alberta and may decide to start a business in Trochu.

Mr. A. de Reinach-Wert gave a very successful dance in his new house on Friday evening April 15. A large number of people were present and the enjoyable function lasted well into the hours of early morn'. Mr. de Reinach is well deserving of compliment as an entertainer and delightful host.

The sale of farm implements still continues to be brisk.

There's a Reason

for our steadily increasing business. An examination of our stock and prices will explain it. New spring shoes arriving.
